

JORDON JONES

201 N Riverside Dr., Iowa City, IA 52246
(563)-299-7315 | jordonblu99@gmail.com

EDUCATION

The University of Iowa, Iowa City, IA
B.F.A 3D Design

Anticipated May 2024

Eastern Iowa Community College, Muscatine, IA
A.A. Liberal Arts

Dec. 2022

Objective

Energetic and dedicated 3D Design student eagerly seeking an internship in the field of furniture design. With a strong foundation in design principles and a passion for crafting innovative and functional furniture pieces, I am committed to contributing my creative skills and dedication to a dynamic design team and am eager to apply my knowledge and bring fresh perspectives to the world of furniture design.

PORTFOLIO

<https://jbjnes.wixsite.com/intro-to-3d-design>

RELEVANT SKILLS

- Proficient in Adobe Illustrator, Photoshop, AutoCAD, 3ds Max, and Rhino
- 3D modeling and rendering
- CAD drawings
- Conceptual design
- Creative problem-solving
- Design for manufacturing
- Strong attention to detail
- Effective communication and interpersonal skills

RELEVANT COURSEWORK

Product Design

Aug. 2023 – Dec. 2023

- In this course, I gained hands on experience in product design by creating a functional and aesthetically pleasing lamp.
- Emphasized sustainability principles, including techniques to calculate and reduce carbon footprint of product designs.
- Developed a comprehensive understanding of eco-friendly materials and design practices to create environmentally responsible products.

Forms and Textiles

Aug. 2023 – Dec. 2023

- Explored the intricacies of textile manufacturing, soft seating production, and upholstery techniques.
- Applied theoretical knowledge to hands-on soft seating design and construction, culminating in the creation of a functional and visually appealing soft seating.

Digital Drafting with AutoCAD

Jan. 2023 – May 2023

- Acquired proficiency in AutoCAD for precision drafting of furniture pieces and architectural layouts.
- Developed the ability to create detailed and accurate plans for various furniture designs and building configurations.

Digital Prototyping with 3ds Max

Jan. 2023 – May 2023

- Mastered the art of creating prototypes using 3ds Max, a 3d modeling and rendering program.
- Gained expertise in setting up 3d printing files, ensuring precision and compatibility for successful physical prototyping.

Intro to 3D Design

Aug. 2022 – Dec. 2022

- Acquired foundational skills in manual drafting techniques.
- Gained a solid understanding of fundamental 3d design principles, laying the groundwork for creative and precise design work.

PROFESSIONAL EXPERIENCE

Missipi Brewing Co. Muscatine, IA

Oct. 2021 - Present

- Managed time efficiently to provide exemplary service.
- Demonstrated adaptability to customer needs in a fast-paced environment.
- Utilized quick thinking and memorization skills while simultaneously balancing multiple tasks.

Hy-Vee Bakery, Muscatine, IA

May 2017 – Aug. 2022

- Handled unexpected challenges with creative solutions.
- Emphasized precision in measurement, product quality, and pastry decoration.
- Demonstrated excellent customer service and communication.
